Dear Jordan,

This predetermination report has been received by the DAHP. No formal review of this project has been undertaken at this time. Formal review of this report will be undertaken during the lead agency-led permit review period. During the formal review period the DAHP will recommend a Historic Property Inventory (HPI) form be completed. The landowner may choose to complete the HPI in advance of the SEPA application in order to expedite permit review.

Thanks, and please feel free to reach out with any questions or concerns,

Jessica
